PRODUCT DESCRIPTION

Designer: Verner Panton

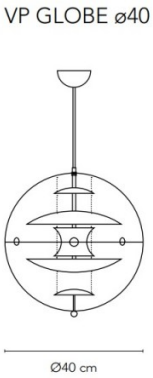

Verpan VP Globe Pendant

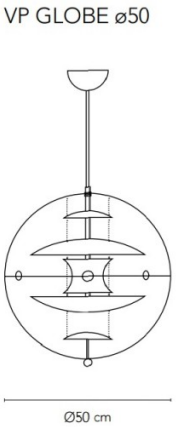

The Verpan VP Globe Pendant is an iconic lighting design by Verner Panton, first created in 1969. A crystal-clear transparent acrylic outer sphere surrounds five internal reflectors, suspended by three delicate steel chains to create a striking layered composition. Finished with polished aluminium reflectors and distinctive red and blue accents, the pendant embodies Panton's futuristic design language and his bold approach to colour, form and light.

Designed to catch the eye and bring a room together, the VP Globe Pendant offers a warm, atmospheric glow while acting as a sculptural focal point. It works beautifully above a dining table, in a hallway, along a corridor or as a decorative feature in a living space, whether displayed alone or in a cluster. Complete with a chrome-plated canopy and black fabric cable, this timeless pendant is a standout luminaire for interiors that celebrate expressive Danish design.

PRODUCT SPECIFICATION

Light Source:	**40**: 1 x Max 60W E14 (Excluded) **50**: 1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	**40**: Ø40cm **50**: Ø50cm 400cm cable length
