### PRODUCT DESCRIPTION

**Designer:** Manuel Vivian

### Clavius Table Lamp by Axolight

The only Clavius light that is available in different sizes to select from, the Clavius table lamp is as successful as its siblings. The lamp has a base available in a chrome or gold steel finish, while the shade comes in a sand, tobacco or white colour. The lampshade itself is made of hand-made silk thread, with a 100% polyester silken threads in the outer fabric and white stitched fabric in the interior.

The Clavius table lamp can be placed anywhere, especially given the size option; the smallest Clavius XP is compact enough to fit your night stand or coffee table. The other two sizes, Clavius P and Clavius G can be used in any interior and different occasions. The retrofit light source emits a warm ambience, both downwards and upwards. Whether for commercial or residential projects, the Clavius lamps are the perfect lighting solution.

The [Clavius Collection](#) also includes a floor lamp, wall light and a stunning suspension. A light for any interior and any decor, the Clavius can be installed in every room.
