PRODUCT DESCRIPTION

Designer: Ross Lovegrove

Artemide Droplet Mini LED Wall / Ceiling Light

A smaller version of the **Droplet LED Ceiling Light**, the Artemide Droplet Mini can be installed both as a ceiling light or a wall light. Another modern design by Ross Lovegrove, Droplet is a moment frozen in time, a liquid aluminium surface disturbed by a steel 'pebble'. The Droplet Mini Wall/Ceiling Light resembles moving ripples starting to travel across a liquid surface, adding an eye-catching detail to your space.

The Artemide Droplet Mini LED Wall / Ceiling Light is a stunning and eye-catching piece that makes a beautiful addition to both residential and commercial environments. It can also be displayed individually or in multiples and linear rows for larger interiors or to make a statement.
