Designer: Rodolfo Dordoni

Flos Pochette Up Wall Light

The Pochette wall light, by designer Rodolfo Dordoni, is a minimal and adaptable wall sconce suitable for a variety of applications in both residential and commercial properties. Providing a warm glow in an upwards direction, the Pochette is ideal for creating cosy atmospheres.

Typical of Dordoni's design aesthetic in collections such as the [Ray](#) – the Pochette makes good use of less material to create a piece that is decidedly efficient and draws its inspiration from this minimalist aesthetic.

Available in a choice of three colours (white, chrome and grey), the Pochette is also available in an [LED version](#) and an [up/down light](#) combined version.
