PRODUCT DESCRIPTION

Bloom Long Pendant by Kartell

The Bloom pendant, part of the Bloom collection, is a lavish designer light by Ferruccio Laviani. The pendant is formed by a tubular polycarbonate body, covered with numerous flowers and petals. A collection of small lights, within the structure, emits the light through the petals which then refracts from its multifaceted surfaces to then fill the room with hundreds of reflections.

The Bloom pendant looks majestic on its own, but you can also combine it with other pendant lights of the Bloom collection and create your own floral clusters. The Bloom is available in 4 colours, crystal, white, black or black/pink. One can say the Bloom is a modern and funky interpretation of the classic lamp, creating a shiny splendour in the room.

This product requires on site assembly.

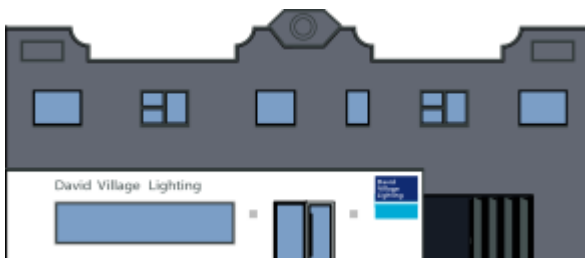

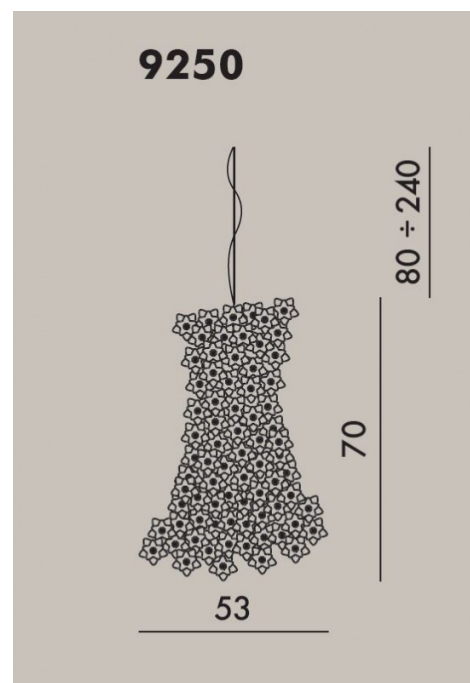

PRODUCT SPECIFICATION

Light Source: 9 x 4.5W LED G9 (included)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: 70cm height
Ø 53cm
80-240 cm drop
