PRODUCT DESCRIPTION

Designer: Giuseppe Maurizio Scutella

Artemide Pirce Ceiling Wall Light

Part of the **Pirce Collection**, the Pirce Wall Light is a sculptural and alluring luminaire designed by Giuseppe Maurizio Scutellà. Scutellà approaches his designs with soul, emphasising their sense of whimsy as well as their practicality. The Pirce Wall Light beautifully conveys this philosophy, offering a strong sense of presence even when not in use. Crafted from laser-cut aluminium, the slim discs merge to form an elegant silhouette with a delicate appearance.

When illuminated, the slim aluminium discs reflect light onto the surrounding wall for a captivating play of light with a glare-free glow. This indirect lighting adds a cosy and comfortable ambience well-suited to living rooms, bedrooms and dining rooms. In commercial environments, the Pirce Wall Light complements contemporary hospitality settings with brilliant design consistency. Display individually or with other pieces from the Pirce Collection for a cohesive theme that adds a sense of balance to any interior.
