PRODUCT DESCRIPTION

Designer: Rodolfo Dordoni

Foscarini Lumiere XXL Ceiling / Wall Light

The Lumiere XXL Ceiling/Wall Light is part of the bestselling Foscarini Lumiere Collection, designed by Rodolfo Dordoni. Released in 2010, this wall/ceiling light is characterised by its rounded shape, made from gorgeous hand-blown glass, moulded into an asymmetrical shape.

The glass diffuser creates a soft glow that spreads far, providing a warm light throughout the room. Available in 2 subtle finishes, white or cool grey, this ceiling/wall light can fit into any design scheme, being stylish and unimposing at the same time. You can use several to create a bigger illumination or use one in smaller spaces to effectively light the room. This light is also available in a smaller size, the Lumiere XXS, so you could mix and match sizes to create an intriguing cluster or use for even smaller interiors.

PRODUCT SPECIFICATION
