PRODUCT DESCRIPTION

Designer: Prospero Rasulo

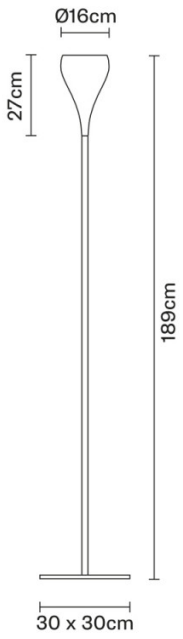

Fabbian Bijou Floor Lamp

Prospero Rasula designed the Fabbian Bijou Floor Lamp which, due to him finding inspiration in nature, resembles a flower blooming towards the sky. The light source is fitted in the top of the lamp, producing a functional uplight that is then reflected off the ceiling to disperse across the surrounding area. This contemporary floor lamp has a solid metal structure available in three finishes, either Black, White or Chrome and can easily adapt to a wide range of modern interiors.

The Bijou Floor Lamp creates a decorative effect that offers simple and sinuous lines making it extraordinarily harmonious, it is hard to think of it simply as a lamp - resembling an artistic sculpture even when turned off. With an uncomplicated and streamlined aesthetic to suit any space, the Bijou Floor Lamp is a great addition to living rooms, hallways, kitchens and dining rooms. It also provides a touch of elegance in commercial spaces in the hospitality sector.
