PRODUCT DESCRIPTION

Designer: Verner Panton

Louis Poulsen Panthella 500 Floor Lamp

Louis Poulsen Panthella 500 Floor Lamp is the full-size floor version of Verner Panton's Panthella design, originally created in 1971 using an organic form as both a functional and decorative lighting piece. The current version features an updated shade holder, a slight increase in height, and a lower maximum wattage while retaining the character of the original design.

The reflective White Opal construction allows light to reflect from the base and outwards from the shade, creating the warming glow associated with the Panthella Floor Lamp. Its rounded and smooth form retains the distinctive relationship between the hemispherical shade and trumpet-shaped base.

The Panthella 500 Floor Lamp sits within the wider Louis Poulsen Panthella collection and can be combined with the table and portable models across the same interior. An in-line on/off switch is included on the cable. Best suited to bedrooms, living rooms, and reception areas.

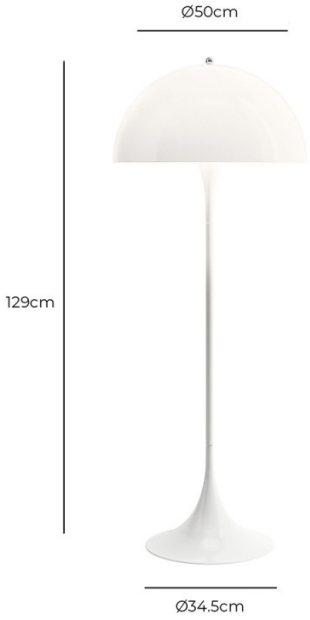

PRODUCT SPECIFICATION

Light Source: 1 x Max 11W E27 LED (Excluded)

IP Code: 20

Dimming: In-line on/off switch included on the cable.

Dimensions: Shade: Ø50cm
Height: 129cm
