Fritz Hansen Caravaggio Pendant

Originally launched in 2005, the [Caravaggio Collection](#) was designed by Cecilie Manz for Fritz Hansen. Since their original appearance, the Caravaggio pendants have become a design icon, instantly recognisable everywhere, a simple, yet timeless design with a metal bell-shaped shade in either a black or white finish. Glare is prevented by the depth of the shade, no matter how high up in the room it's placed. The opening at the top of the shade illuminates both the cord and the suspension.

The Fritz Hansen Caravaggio Pendant is suspended by a textile, coloured cord that adds a finishing touch. Suitable for large rooms and high ceilings in public as well as private environments. The feminine lines of the shade contradict the masculine technology of the suspension, and the Fritz Hansen Caravaggio Pendant is available in 3 sizes, allowing it to adapt to a range of interiors.

Please Note: The Caravaggio Pendant in White is supplied with a Grey cable, whereas the Caravaggio Pendant in Black is supplied with a Grey or Red cable.
