PRODUCT DESCRIPTION

Designer: Poul Henningsen

Louis Poulsen PH Hat Wall Light

Designed by Poul Henningsen, the PH Hat Wall Light was created for his own bedroom in 1961, providing a soft and diffused illumination. The wall light has a subtle white finish, with the inside painted pale rose, which creates a warm tone of light. The hemispherical shade can be tilted from 0º to 67º, allowing the light to escape in various angles to create the atmosphere and function you need.

The PH Hat Wall Light can be used in many settings, such as bedrooms, corridors, hallways and lounges. The indirect illumination provides a great use as a handy reading light by your bedside or use multiple along your walls to create a cosy ambience. It is an ideal addition for both homes and commercial spaces.

This wall lamp comes with a cable and plug, so it needs to be positioned by a nearby socket. Alternatively, it can be hard-wired into the mains electricity when wired by a qualified electrician.

PRODUCT SPECIFICATION

Light Source:	1 x Max 5.7W E14 LED (Excluded)
IP Code:	20
Dimming:	Integrated on/off switch included on the product.
Dimensions:	Shade: Ø22.5cm Depth: 15.3cm Wall Base: Ø12cm Cable Length: 240cm
