Fritz Hansen Caravaggio Opal Glass Pendant

The Caravaggio Opal Glass Pendant is the opal glass version of the **Caravaggio Pendant**, maintaining the classic silhouette with smooth lines and simple shapes, which is what made it so popular on its release in 2005. The Caravaggio is now classed as a flagship Fritz Hansen product, and this opal version boasts the characteristic curved shade and delicate aesthetic. The opal glass produces a lovely, soft glow that warms up as the light is turned on.

The Caravaggio Opal Glass Pendant Light is available in 3 sizes, going from the smallest, P1, to the biggest, P3, so that you can find the right size for your room. The chic design makes it perfect for kitchens, dining rooms, bedrooms and more. Suitable for homes and professional settings for adding an elegant finishing touch.
