## Ray F2 Floor Lamp by Flos

Flos, in collaboration with designer Rodolfo Dordoni, have created the [Ray collection](#), whose inspiration came from that of a lighthouse; "it is part lighthouse, part power pylon". The Ray collection of lights includes a floor lamp in two sizes, a table lamp and a pendant light.

The larger sister to the [Ray F1](#), the Ray F2 floor lamp offers the same fresh perspective on an iconic shape. Available with either an aluminium shade in black or white with a white painted inside or a glass diffuser, which is hand-blown, overlaid with glass with a glossy external finish.

The Ray F2 floor light provides a warm, diffused light and includes a dimmer switch on the cable, allowing the user to adjust light output to suit.
