FLOS

265 Wall Light by Flos

The 265 wall light, by designer Paolo Rizzatto, is an intricately designed and functional lamp perfect for a decentralised ceiling light. Thanks to the ingenious design, it is possible to pivot the 265 wall lamp to both sides, upwards and downwards, so that the light reaches the precise point where it is required. The Flos 265 provides direct light and suits living areas and dining rooms.

The timeless and classic design of the 265 light is available in both black and white finishes and the industrial feel adds a touch of edge to interior design. Suitable for homes and professional spaces.

Designer: Paolo Rizzatto

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions:

85cm depth

205cm arm length

35cm wall attachment
