Artemide Castore Table Lamp

The Artemide Castore Table Lamp has become an iconic design for the brand. Created by Michele De Lucchi and Huub Ubbens, this minimalistic lighting solution provides an evenly diffused illumination with an eye-catching silhouette. The rounded diffuser effortlessly joins onto a slim stem and base, making the form appear seamless. With a sleek white finish, the Castore Table Lamp can adapt to almost any contemporary space, whether residential or commercial.

The two larger versions of the Castore Table Lamp (Castore 25 and Castore 35) both have dimming capabilities, thanks to an integrated touch dimmer on the base, while the smaller Castore 14 unfortunately does not and can not be dimmed. The Castore range also includes a [pendant light](#) available in 4 sizes, and a [floor lamp](#).
