PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Foscarini Gregg Ceiling / Wall

Part of the [Foscarini Gregg collection](#), designed by Ludovica and Roberto Palomba, the Gregg wall or ceiling light is a versatile and gorgeous light. Resembling the shape of a pebble, its organic and curious shape make this wall/ceiling light a unique and much-needed purchase. The shade is made from blown glass, concealing the light source to provide an overall illumination that is glare-free and soft.

Available in two sizes, small or medium the Gregg ceiling/wall light can be used in a wide variety of settings, in corridors, hallways, bedrooms or lounges. This wall/ceiling light is a decorative and functional piece, whether on or off and will look beautiful everywhere in both homes and commercial spaces. You can mix and match colours and sizes to create a light feature or buy several of the same for a more streamlined look.
