Foscarini Gregg Floor Lamp

A part of the **Foscarini Gregg Collection**, the Gregg Floor Lamp is characterised by its uniquely shaped lampshade and elegant metal structure. Taking inspiration from nature, the designers Ludovica + Roberto Palomba have created a shade that resembles a pebble, sitting atop a minimalist base and stem. The shade is made from blown glass and diffuses the light to create a nice, warm glow.

The glow of the Gregg Floor Light is also glare-free to illuminate the room to create a lovely atmosphere. Gregg is also dimmable so you can easily find the right light setting in your space. Suitable for homes and commercial settings, this floor light is available in 2 sizes and 3 finishes so you can find the right look to match your interior design. An eye-catching and stunning light, the Foscarini Gregg Floor Lamp will amaze and retain its beauty for years to come.
