PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Kartell Louis Ghost Armchair

Philippe Starck delivers again, this time a Baroque-style chair stripped of all flamboyant ornaments and designs, down to a single polycarbonate piece. The Louis Ghost is part of the larger Ghost collection by Starck, a series of transparent furniture as part of Philippe's project of redesigning 20th-century everyday furniture. The name is a reference to Louis XV, the King of France who reigned during the Baroque period, when highly ornate and extravagant styles were used in architecture, painting and other forms of art.

The polycarbonate material constitutes the Louis Ghost, a shock- and weather-resistant armchair, durable and stable and is now made from transparent or mass-dyed renewable raw material as part of Kartell's sustainability initiative, Kartell Loves the Planet. You can stack the chairs up to 6 high, on top of each other, and save space or store them. The baroque chair is available in several colours and can be used anywhere around your home, either as dining chairs, a desk chair, in the bedroom or the living room. The considerable visual effect the Louis Ghost brings into a room adds a touch of elegance for both private and commercial settings.

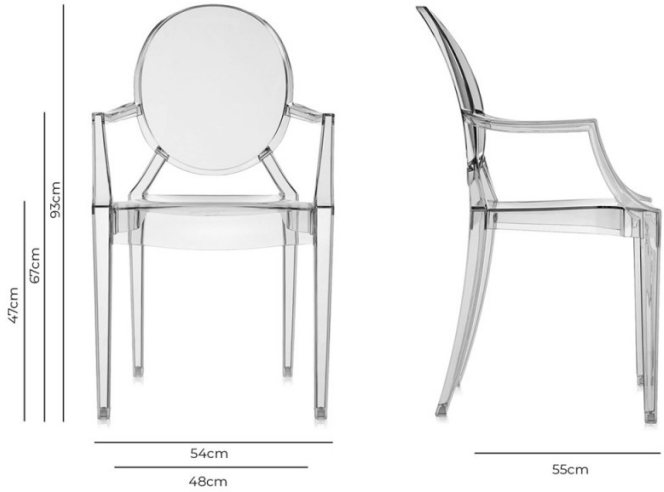

You can customise your Louis Ghost armchair; have it with either a standard theme or create your own personalised design. This option is available when ordering 10 or more chairs. Please **contact us** for further pricing information.

If you wish to treat your young ones, Kartell Kids also includes a miniature version of the Louis Ghost, the **Lou Lou Ghost chair**. The children's version comes in transparent crystal, light blue or pink, and you can also choose to **customise** it or select the pre-made patterns available.

Please Note: Due to the packaging process, Louis Ghost Chairs must be ordered in pairs.

PRODUCT SPECIFICATION

Dimensions: Width: 54cm
Depth: 55cm
Height: 93cm
Seat Width: 48cm
Armrest Height: 67cm
Seat Height: 47cm
