PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Kartell Mr Impossible Chair

We currently have limited stock of one of these items in our Clearance section.

The Mr Impossible is the result of the sophisticated and advanced plastic processing design to wield the two sells together. The transparent structure and the seat are joined together creating an indestructible chair. This process adds a 3D effect and an entirely new effect as the transparent structure meets the coloured seat with no interruption.

The Mr Impossible is a welcoming, organically shaped chair for domestic and public settings, the inner shell of the seat is available in a transparent, glossy white or black option. Mr Impossible is weatherproof, allowing you to have your chairs in the garden, patio or balcony as well as in any indoor setting.

PRODUCT SPECIFICATION
