PRODUCT DESCRIPTION

Designer: Piero Lissoni

Kartell Lizz Chair

With a streamlined design, the Kartell Lizz Chair represents the minimalist and stylish style of Piero Lissoni, the designer. It is made in a single piece of mass-tinted technopolymer using gas blowing technology, and the material makes the chair durable and suitable for use in all weather settings. The chair, although named after the famed movie star Liz Taylor, has had its name slightly altered, and so have its dimensions. The design principles of the Lizz rely on square shapes, with a wide seat and backrest.

The Kartell Lizz Chair is available in white, matt black, or matt grey. These muted tones allow the seat to adapt to a variety of contemporary interiors, perfect for around your dining table, the bedroom, the living room or in the garden. Lizz is a functional and stylish solution for both private and commercial settings.

Please Note: Due to the packaging process, Lizz Chairs must be ordered in pairs.
