PRODUCT DESCRIPTION

Designer: Vico Magistretti

Kartell Maui Chair

Versatile, practical and sophisticated, the Maui Chair was designed by Vico Magistretti for Kartell. The Maui is suitable for both private and commercial settings; it's also available in a wide variety of colours, allowing it to adapt to various interior styles. You can stack the Maui chair from up seven high in order to save up space and store them, further enhancing its practicality.

As a tribute to Vico Magistretti, who spent years as a furniture designer and architect earning numerous awards, Kartell also launched the **Maui Soft** in 2013, a fabric-covered version of the classic chair. Depending on the use, Maui chairs can be paired and tied together by using a simple rear hook, sold separately. Maui chairs are also available with matching colour armrests, or with a folding tablet arm in black. For more information and pricing, please **contact us**.

Please Note: Due to the packaging process, Maui Chairs must be ordered in pairs of the same colour.
