PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

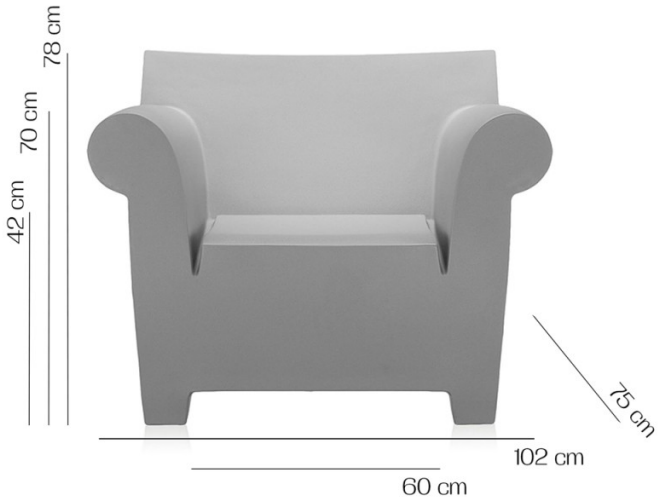

Kartell Bubble Club Armchair

An icon for Kartell, the Bubble Club collection, including the armchair and sofa, is part of a new concept for furniture. Philippe Starck made it possible to bring the industrial chair into every home by making it entirely out of plastic, ensuring it is robust and also able to be used in exterior settings. The design is minimalist, with very simple lines; the Bubble Club Armchair retains some of its soft lines.

The Kartell Bubble Club Armchair makes us reminiscent of our grandparents' living room, where such fittings were always present. You can create your own seating arrangement with Bubble chairs or add a **Bubble Club Sofa**, available in the same colour options. You can use your Bubble furniture both indoors and outdoors, by the pool or on the patio.

PRODUCT SPECIFICATION
