PRODUCT DESCRIPTION

Max Desk Table by Kartell

The Max table was specifically made for the office. With an hour-glass shaped table surface, you can arrange the Max desk with either tables of the collection or different types desks. You can arrange the Max by it self, in your office at home or at work or create large arrangements for open office areas.

You can move and arrange the Max fast and easily due to the lightness in its structure plus the castors at the end of each leg. The castors have a build-in break to stop the table from moving when you want stability. The design by Ferruccio Laviani is available in either black or white and the Max is also available in a larger version and both sizes can come without wheels. Please [contact us](#) for further information and pricing.
