### PRODUCT DESCRIPTION

**Designer:** Marc Sadler

### Fabbian Beluga Triple Ceiling / Wall Light

Designed by Marc Sadler, the Fabbian Beluga Triple Ceiling/Wall Light is an extension of the Single and Double versions. An adaptation that is perfect for larger spaces. This lighting solution is crafted from polished chromium-plated metal, with three spherical diffusers that are made from either crystal glass or steel and are adjustable for a directional illumination.

The Fabbian Beluga Triple is available in crystal, white steel, blue, copper, green, red and yellow. It is a perfect way to illuminate your hallway, kitchen, workspace and entryway, as well as more spacious commercial interiors such as over reception desks or counters and in hotels, cafes and restaurants.

**Please note, the images show the light fitting with a PAR-20 GU10 lamp but this light source has now been replaced with a PAR-16 GU10 lamp which is slightly narrower and therefore leaves a slight gap between the lamp and the rim of the light fitting. Lamp not included**

### PRODUCT SPECIFICATION

**Light Source:** 3 x Max 50W PAR-16 GU10 LED (excluded)
