Verpan Fun 2TM Table Lamp

The Verpan Fun 2TM Table Lamp is a part of the iconic Verner Panton **FUN Collection**, often regarded as Panton's greatest masterpieces. The collection shows the Danish designer's enthusiasm for using new materials and discovering unique approaches to design. The lamp's shade is formed from layers of mother-of-pearl discs, suspended from a two-ring shade of chrome or brass. This material choice balances light, movement, and sound, creating a soft chiming when moved.

The seashell shade conceals the light source within, producing a glare-free, ambient glow when switched on. This warm lighting is perfect for creating an intimate atmosphere in dining rooms, bedrooms, and living areas. In commercial spaces, the Fun 2TM Table Lamp suits classic bars and boutiques, adding a touch of elegance to the surroundings. Display with other pieces from the Fun Collection for a sophisticated display designed to kindle joy and a wealth of stories.
