PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Fun 7DM Suspension

The Verpan Fun 7DM Suspension light, designed by Verner Panton in 1964, is part of the FUN collection which is considered Panton's greatest masterpieces. Panton's enthusiasm for new materials is clear in the FUN collection and this beautiful ceiling lamp. The use of the seashell material in the shade naturally diffuses light into a room. Panton prides himself on the ability to combine imagination and functionality within his designs and this can be seen within the Verpan Fun 7DM Suspension ceiling light.

The Verpan brand is known for challenging the status quo with its experimentation with lighting, colours and textures. The use of seashell discs provides this suspension light with a dynamic effect. Not only diffusing light but also interacting with the air in the surroundings and creating an iconic chiming sound. Verner Panton said he wants to use his designs to make 'surroundings more exciting'. This is definitely clear when it comes to the Verpan Fun 7DM Suspension light.

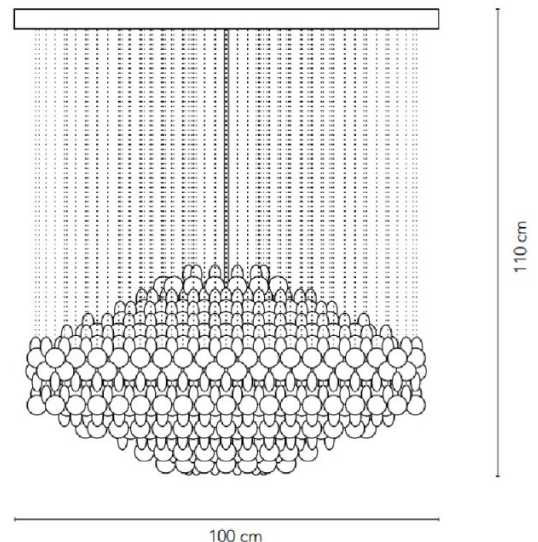

PRODUCT SPECIFICATION

Light Source: 1 x max 60W E27 (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø100 cm
110 cm height
