PRODUCT DESCRIPTION

Designer: Jasper Morrison

Flos Glo-Ball Basic Table Lamp

The Flos Glo-Ball Basic Table Lamp was designed by Jasper Morrison and boasts a characteristic white, opaline and hand-blown glass diffuser, while the base is made of reinforced fibreglass. This table lamp is available in two sizes: Basic 1 (small) and Basic 2 (large), both of which produce a diffused warm light. The Glo-Ball Basic Table Lamp is an excellent choice for your home or commercial spaces, especially hospitality. The in-line dimmer switch is electronic, and the dial allows for regulation of the brightness, meaning you can easily personalise the ambience this lighting solution creates.

Glo-Ball is a beautiful addition to contemporary space, especially living rooms, bedrooms, reading nooks and dining spaces. If you require a smaller installation Glo-Ball is also available in two other applications: the **Glo-Ball Basic Zero Table Lamp** and the **Mini Glo-Ball Table lamp**.

A compatible Flos bulb can be purchased separately. Please check individual bulb pages for product compatibility.
