PRODUCT DESCRIPTION

Designer: Jasper Morrison

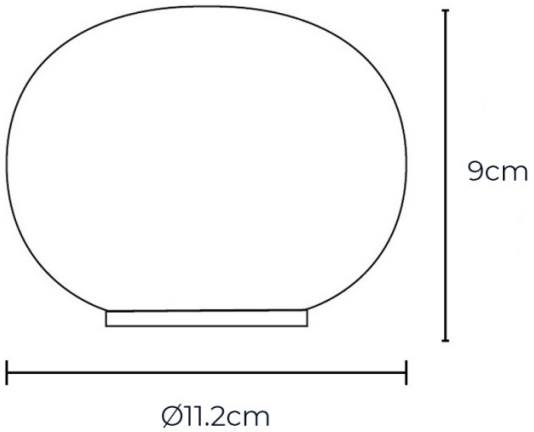

Flos Glo-Ball Mini Table lamp

The Glo-Ball Mini Table Lamp is the smallest version of the table lamps in this range, and was designed by Jasper Morrison for Flos. This table lamp is crafted from opal glass, formed into a spherical shade that diffuses the inner light source to produce a calming, warm glow. The minimalistic and simplistic design makes this light both functional and contemporary, seamlessly being able to slip into many settings whilst providing a warm ambient illumination.

The Flos Glo-Ball Mini Table Lamp can adapt perfectly anywhere in your home, thanks to its compact size. This table light can be used on coffee tables, bedside tables, windowsills, bookcases or entrance hall furniture. Wonderful for homes and commercial settings, the Glo-ball Table Lamp is available in larger sizes for bigger spaces, which can be selected from the **Flos Glo-Ball Collection**.
