PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Flos Romeo Moon Pendant Light

The Romeo Moon Pendant, created by renowned designers Philippe Starck and Eugeni Quitlett, is available in two sizes: S1 and S2. Suspended on steel cables, the contemporary design of the Romeo Moon Pendant is indicative of Starck's design belief that objects should perform well before being considered beautiful. Offering diffused light through its finely fluted pressed borosilicate glass lampshade, the Romeo Moon is paired with an etched glass diffuser for a sparkling display of light.

Modern yet classic in its aesthetic, this pendant suits a variety of applications, including living areas, bedrooms or dining rooms. The elegant translucent glass allows the design to blend effortlessly into almost any modern interior style. Display this luminaire individually in residential spaces or in multiples for larger commercial interiors.
