PRODUCT DESCRIPTION

Designer: Marc Sadler

Foscarini Twiggy Ceiling Suspension Light

The Twiggy Ceiling Light is part of the sophisticated Foscarini Twiggy Collection by Marc Sadler. Boasting true functionality, the ceiling model is the maximum expression of flexibility by swivelling round 330°, which makes it an optimal solution for decentralising a light source. The inner diffuser means the light source is concealed, allowing for a bright and warm glare-free illumination that is projected down onto the area below. The bent arm and smooth lampshade make this ceiling light both contemporary and chic, perfect for many settings.

The Foscarini Twiggy Ceiling Lamp is available in an elegant black or white finish, allowing it to seamlessly adapt to a wide range of contemporary interiors. Its mobility and design make it wonderful for kitchens, lounges and many more and can be used to produce ambience or as a handy reading/task light.
