PRODUCT DESCRIPTION

Designer: Adrien Gardere

Artemide Melampo Floor Lamp

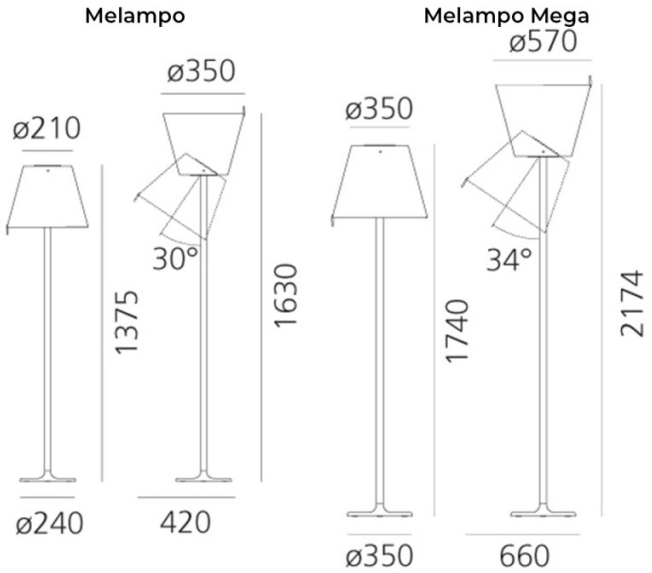

Artemide Melampo Floor Lamp is available in the standard Melampo and the larger Melampo Mega, both designed by Adrien Gardère with a simple and elegant look. The design combines a painted metal base and stem with a silk satin fabric diffuser on a technopolymer frame.

What defines the fitting is the movable diffuser. It can be tilted to adjust the light for reading or turned upside down for indirect ambient lighting, so the lamp shifts between direct, diffused, adjustable, and indirect emission through the position of the shade.

Artemide Melampo Floor Lamp comes in Grey and Bronze Ecrù finishes across both sizes, while Melampo Mega also includes a dimmer. Best suited for living rooms, bedrooms, and reading corners where adjustable light can shift between task use and softer ambient lighting.
