Fabbian Cubetto Ceiling Light

A geometric design by Pamio Design Studio, the Fabbian Cubetto Ceiling Light is an unobtrusive spotlight that takes inspiration from the form of an ice cube. The studio wanted to create a lighting solution that encapsulated the "most important natural element", they utilised crystal glass and chrome detailing to produce a sleek ceiling light that produces direct illumination, perfect as task lighting in kitchens and workspaces and as a way to illuminate your hallways. The illumination is projected downwards, casting a functional downlight onto the surface below that is free of glare.

The Fabbian Cubetto Ceiling Light is available in three minimalistic finishes: either black, white or crystal glass, allowing the lamp to easily blend into many contemporary interiors. The Cubetto Ceiling Light can be displayed individually or in rows along longer ceilings to create a wider even dispersion of light.
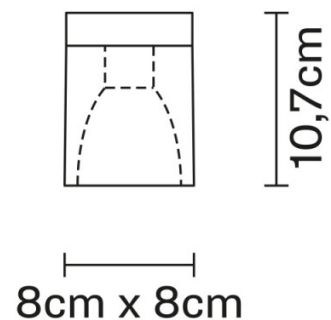

PRODUCT SPECIFICATION

Light Source: 1 x Max 50W GU10 LED (excluded)

IP Code: 20

Dimming: Dimmable via Triac dimming.

Dimensions: Shade: 8cm x 8cm
Height: 10.7cm

10,7cm

8cm x 8cm
