PRODUCT DESCRIPTION

Nyhavn Outdoor Wall Light by Louis Poulsen

The Nyhavn wall light was designed by Alfred Homann and Ole V. Kjaer in 1976 and is a prize-winning light. An example of classic and vintage design, the wall light is characterised by its coned shade and sleek appearance. The light source is surrounded by 3 rings, which help to create a glare-free glow that emanates outwards.

This outdoor wall lamp is perfect for many exteriors and can be used in gardens, patios or even as a welcome home light by the door. Available in a brushed copper or white finish, the Nyhavn wall lamp will add a timeless touch to your outdoor area and will remain iconic and chic for years to come.
