Axolight Aura 60 Suspension

The Aura 60 Suspension Light was created by Italian designer Manuel Vivian. Vivian's expertise in artisan production processes is showcased in this mesmerising design. Master glassmakers hand-twist double-layered Maruno glass into spiralled forms that together compose a fluid silhouette. Due to the handcrafted nature of the suspension, slight variations may occur from piece to piece, ensuring each pendant is truly unique.

When illuminated, the Aura 60 Suspension creates a gentle, diffused glow. The twisted glass refracts light into a play of shadows indicative of an aquatic image. These dynamic reflections appear differently depending on the angle from which it's viewed, adding to the suspension's uniqueness. The Aura is available in two elegant finishes: White and Rigadin Crystal. Display in a lounge area or dining room for soft waves of light that create a comfortable and welcoming atmosphere.
