PRODUCT DESCRIPTION

Designer: Pamio Design

Fabbian Cubetto Table Lamp

The Fabbian Cubetto Table Lamp is a sleek geometric lighting solution, designed by Pamio Design to resemble an ice cube. Cubetto is crafted from Italian crystal glass, due to its simplicity, and is available in two elegant finishes: black or white, allowing it to easily adapt to a wide range of contemporary interiors.

The production requires incredible skill and a strong attention to detail, consisting of three intense processes of preparing, moulding and delicately cleaning the glass. The result is a modern and elegant lighting solution which produces a direct uplight, a perfect addition to your desk or side table.
