PRODUCT DESCRIPTION

Designer: Jurgen Bey

Moooi Light Shade Shade Chandelier

The Light Shade Shade Chandelier was designed by Jurgen Bey for the Dutch company, Moooi. The ingenious design behind the Light Shade Shade is highlighted by the semi-transparent mirror shade, which conceals the interior chandelier. When the lights are off, the mirrored shade reflects its surroundings. When illuminated, the intricate chandelier within shines through, transforming the design completely. The Light Shade Shade lights are available in three sizes: 47, 70, and 95. The Light Shade Shade 47 has a slightly different interior chandelier, adorned with decorative glass beads.

The Collection represents a modern interpretation of traditional chandeliers found in ballrooms and foyers. The internal chandelier mirrors the classic light fittings, while the shade offers a contemporary aspect. The Light Shade Shade Chandelier creates a statement while creating a cosy ambience, perfect for entrance halls or above a dining table. In commercial spaces, the chandelier adds a luxurious element to hotel foyers and restaurants.
