PRODUCT DESCRIPTION

The Fork lampshade is inspired by casual fashion, by campsite tents and by an informal, playful and dynamic lifestyle. The stitching on the fabric has been created like that on jeans and the rings are not merely decorative, but respond to practical needs with simplicity and immediacy.

The light inside reveals a patchwork structure and the texture of the canvas, a little like when you turn on a light inside a tent. The lampshade is extremely flexible and can be oriented 360°. Its stand is also very mobile, thanks to its joints: this means you can change the direction of the light as you please, play with the lamp and have fun continually finding new positions for it. The warm light of Fork is perfect for the home, but is also ideal for public spaces where a relaxing atmosphere is desired.

Frame is Marrone or Ivory, Shade is Grey or Ivory.

Also available with dimmer, please contact us for more information.
