PRODUCT DESCRIPTION

Designer: Marzio Rusconi Clerici

KDLN Shakti Floor Lamp

The Shakti Floor Lamp is a sophisticated lamp that is characterised by its flowing, tubular shape. Crafted from Plexiglass, the long shade houses two light sources, creating both an uplight and downlight for a beautiful combination of functional and ambient lighting. The shade appears to balance delicately on a steel base, adding to the luminaire's elegant aesthetic.

The Shakti Floor Lamp is available in two sizes, measuring 200 or 250cm, allowing it to fit a range of interiors regardless of size. Display in a living room, beside a sofa, for a functional reading light that provides ambient lighting to fill the room in a comfortable atmosphere. Designed by Marzio Rusconi Clerici, the Shakti Floor Lamp was selected for the Compasso d'Oro.
