PRODUCT DESCRIPTION

Designer: Santa & Cole Team

Santa & Cole Tripode G6 Table Lamp

The Santa & Cole Tripode G6 Table Lamp was first conceived in 2002 by the brand and lends a colourful yet natural touch to many spaces. The table light is characterised by a black metal tripod structure which holds a cotton ribbon lampshade. The three colours, white, red amber and black, have been finishes that have existed at the brand since 1994.

The Tripode G6 lamp has still not stopped developing as in 2022, to mark 25 years, the diplomatica and bretona stripe finishes were created by textile expert Júlia Esqué for the product. Tripode emits a warm and effective light, and this table lamp can be used in a wide variety of settings, whether at home, in the office or even in a commercial space.
