Santa & Cole Diana Floor Lamp

After the success of the **Diana Table Lamps**, designers Frederico Correa Alfonso Milá brought us the Diana Floor Lamp. This luminaire retains the same grace as the table lamp, with a metal base and body available in a Satin Nickel or Chrome-Plated finish. The Diana Floor Lamp is complete with a round, slightly tapered parchment lampshade, which creates an effective contrast against the sleek metal base. Available in two sizes, the smaller Diana and the larger, Diana Mayor, the floor light is equipped with two retrofit bulbs, which provide an even ambience and warm glow.

The Diana floor light adds a timeless presence to any interior. Display in a study, living area, or bedroom for bright, functional lighting that adds an inviting atmosphere to the space. The classic silhouette is perfect for adding a sense of sophistication to domestic and commercial environments alike. Display with the Diane Table Lamp for a cohesive and charming theme.
