Santa & Cole TMD Floor Lamp

The TMD Floor Lamp was created by Spanish designer Miguel Milá. The innovative lamp invites users to interact with it. The shade can be adjusted using a rubber ring on the stem, a refreshingly simplistic system that maintains the lamp's streamlined silhouette. If required, the shade can be rotated around its axis, for lighting that can be adapted to its surroundings. Additionally, the TMD Floor Lamp can be switched on and off with a gentle tug on the cord.

The TMD Floor Lamp is available in two sleek finishes, Satin Nickel and Chrome-Plated, and is paired with a white parchment shade, which creates an effective contrast against the industrial-looking metal structure. When switched on, the shade diffuses light into a soft glow, adding a welcoming glow and inviting ambiance into the surrounding space. Display with the TMD Floor Lamp to add a contemporary aesthetic throughout the home.
