PRODUCT DESCRIPTION

Designer: Lagranja Design

Foscarini Uto Outdoor Pendant Light

The Uto Outdoor Pendant was created by Lagranja Design in 2005. Made from a soft and flexible rubber material, this pendant is a very playful and vibrant light that is made for outdoor spaces. The light is characterised by its streamlined silhouette, with clean lines and a coned diffuser that directs the light downwards and provides a glare-free glow.

The Foscarini Uto Pendant Light is available in 3 fun finishes, orange, yellow or white, adding a bright colour to your exterior. Suitable for gardens, patios, terraces and more, the Uto outdoor pendant light can be used alone or in multiple to provide a much-needed glow as the sky gets darker. You can also enjoy the Uto pendant indoors, to bring a fresh and pleasant touch to your interior.
