PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Mega Floor Lamp

Artemide Tolomeo Mega Floor Lamp takes the clean and minimalist lines of Tolomeo into a larger floor format, keeping the aluminium structure, articulated arm system, and spring mechanism that define the collection. Designed by Michele De Lucchi and Giancarlo Fassina, it retains the balance between functionality and aesthetics that has made Tolomeo one of Artemide's most established designs.

In the Mega version, the traditional aluminium head is replaced by a balanced diffuser that casts a soft glow into its surroundings. The adjustable structure still allows the lamp to be moved in height and tilt with notable flexibility, while the diffuser is offered in three different sizes to change the scale of the fitting without changing its underlying character.

Artemide Tolomeo Mega Floor Lamp is available in three sizes with the choice of an Aluminium body with a Silk diffuser, a Black Body with a Black diffuser, or an Aluminium body with a Parchment diffuser. It reads more softly than the reflector versions of Tolomeo, but keeps the same controlled, adjustable format. Best suited for reading corners, lounges, living spaces, and hospitality interiors where an adjustable floor lamp is needed with a softer shaded light.

Please note, the Artemide Tolomeo Mega Floor Lamp is also available with the option to mix-and-match Black or Aluminium bases and a choice of black, silk, or off-white parchment shades across all three sizes. Contact us for pricing and further information.

PRODUCT SPECIFICATION

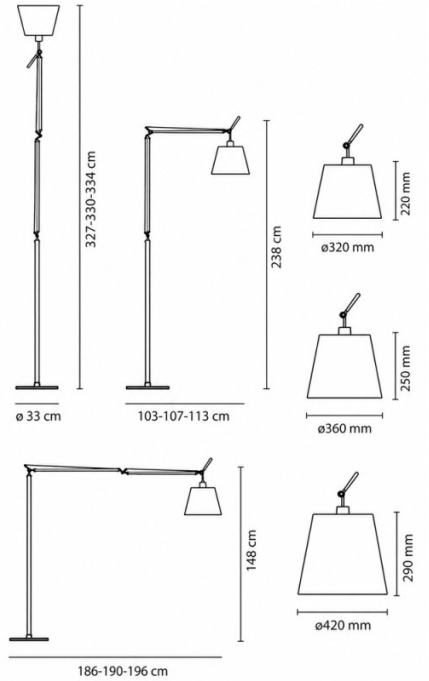

Light Source: 1 x Max 21W E27 (Excluded)

IP Code: 20

Dimming: In-line dimmer included on cable.

Dimensions: Shade Size: 32cm/36cm/42cm
Length: 103cm
Height: 148cm
Shade: Ø42cm
Base: Ø33cm
Max Extension Height: 327cm
Max Extension Length: 186cm

Cable Length: 180cm
