PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Gerhard Reichert

Artemide Logico Ceiling Light

Artemide Logico Ceiling Light brings the collection into a single ceiling fitting, using the same hand-made blown glass diffuser and the same soft, irregular volume that defines the range. Designed by Michele De Lucchi and Gerhard Reichert, it has a quieter presence than the grouped versions, but keeps the character of the original form intact.

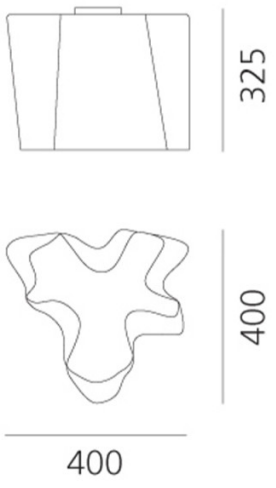

Its shape comes through in the way the curves create movement, giving the surface more interest than a standard glass shade. With diffused and direct emission, it lights the room gently while still sending light down where it is needed, and the Silk diffuser finish keeps the overall appearance soft.

A strong choice for bedrooms, hallways, landings, and living spaces where a ceiling fitting needs to feel sculptural but not oversized.

Please note, this product is also available in a Fumè finish and as smaller Mini and Micro versions. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source:	1 x Max 12W E27 LED Dimmable (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 32.5cm Width: 40cm
