

Luceplan Chichibio Floor Lamp

LA9064

SOURCE: <https://www.davidvillagelighting.co.uk/product/Luceplan-Chichibio-Floor-Lamp/9265>

PRODUCT DESCRIPTION

Designer: Amedeo G. Cavalchini & Domenico Perrucci

Chichibio gives you light on any part of the ceiling without drilling it. It is indeed a new type of floor/ceiling light for the interiors. It's telescopic stem is equipped with a mechanical screw fixing system which guarantees stability and ease of assembly, allowing to position the diffuser to any point on the ceiling. Adjustable to a height of 2.2 to 3.3 metres, Chichibio, unlike the traditional floor lamps, can be easily moved around the rooms. Its diffuser has a special lid which protects the ceiling from halo effects and spreads a soft light emphasized by bright rays emitted through the holes in the polycarbonate.

Floor foot dimmer on cable.

PRODUCT SPECIFICATION

Light Source: max 205W E27 (excluded)

Dimming: In line dimmer included on cord.

Dimensions: Ø 29 cm shade
220-330 cm height
