## PRODUCT DESCRIPTION

**Designer:** Paolo Rizzatto

### Luceplan Costanza Table Lamp

The Luceplan Costanza Table Lamp is a great example of classic design. This light consists of a washable and interchangeable shade that emits a warm light, resting on two points of balance with an aluminium base. Whilst the shade is available in five vibrant colours, making the Costanza a practical table lamp which adapts to a range of settings.

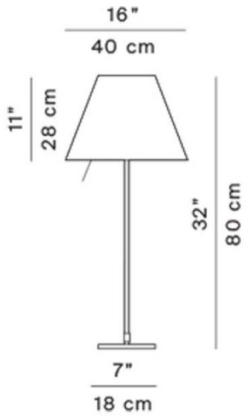

The Costanza also hosts an integrated dimmer in the form of a rod, easily accessible underneath the shade, that grants you with four different lighting levels - this enables you to adjust the intensity of light according to your own needs. This lamp is perfect for next to your sofa as a reading light, on your desk as a soft working light or even in your bedroom for an atmospheric mood light.

Awarded the "Lampe d'Argent" at the Concours de la Creation Artistique in 1988, the Costanza Table Lamp is a design that will go down in history.

**Also available as a telescopic version, with an adjustable stem and a wide range of colours**
