Kartell Toobe Table Lamp

A striking design by Ferruccio Laviani, the Kartell Toobe Table Lamp boasts a unique silhouette and provides warm, ambient illumination. Using an innovative colouring procedure, the Toobe Table Lamp is made using a PMMA extruded tube, creating a smoke effect with a polycarbonate inner diffuser. It utilises simple and soft lines, and the small colouration at the top allows for subtle hues to fill the room.

This design is an excellent addition to living rooms, bedrooms and dining areas. Similarly, it can create a cosy ambience in hospitality settings. Toobe is supplied with an energy-saving bulb, which means that you can use it 10x more and save up to 5x less energy. It can be used singly, in multiples or alongside the **Floor Lamp** in the same collection.
