PRODUCT DESCRIPTION

Designer: Miguel Milá

Santa & Cole Sexta Suspension Light

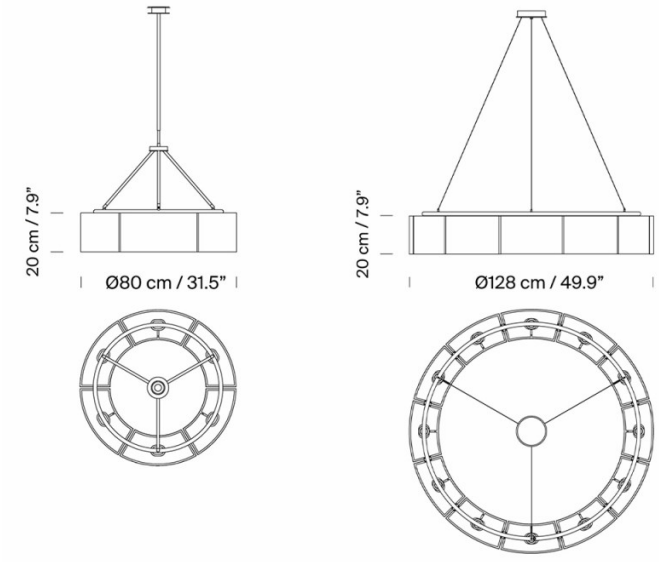

The Sexta suspension lights remind us something of the medieval cast iron lights, with multiple light sources. Designed by Miguel Mila, Sexta delivers a large suspension light with double-sided shades that create an evenly distributed ambience. The Estadio lights were the predecessor of the Sexta suspensions and will create a perfect balance in the room if combined in the same space.

Each double-sided shade is subdivided into six sections of 60° and there are various support options to choose from. The suspension can be supplied without a telescopic tube (drop height is 34cm) or with a telescopic tube in a choice of 75, 152 or 302cm max height. The larger suspension provides 12 30° sections.

The lower discs are not supplied and are optional in the configuration of the lights. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source:	**Small**: 6 x Max 11W E27 LED (included) **Large**: 12 x Max 11W E27 LED (included)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	**Small**: Ø80cm Height: 20cm Telescopic Tube Height: 75cm/152cm/302cm **Large**: Ø128cm Height: 20cm Telescopic Tube Height: 75cm/152cm/302cm
