PRODUCT DESCRIPTION

Designer: Marc Sadler

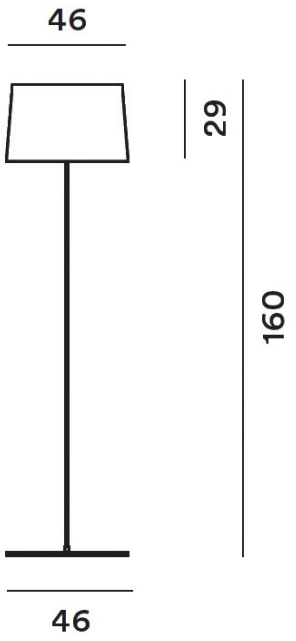

Foscarini Twiggy Reading Floor Lamp

Marc Sadler designed the Foscarini Twiggy Reading Floor Lamp, an elegant lighting solution from the iconic Foscarini Twiggy Collection. It is crafted from composite lacquered material on a fibreglass base, the simple yet stylish floor lamp fits even in small spaces, thanks to its flat and sleek shape, and its glare-free and cosy accent light.

The Twiggy Reading Floor Lamp diffuser guarantees maximum exploitation of the light source. It offers direct lighting on the surface below and reflection of the light upwards, perfect for creating a warm atmosphere in living areas, bedrooms and commercial spaces in the hospitality sector - as well as providing a functional reading light. Choose between a subtle white, black or burgundy finish that can seamlessly fit into any contemporary design scheme.
