Flos Taraxacum 88 Wall / Ceiling Light

Despite being designed in 1988, the Flos Taraxacum 88 Wall and Ceiling Light remains contemporary, thanks to the innovative design from renowned designer Achille Castiglioni. Never compromising on style or beauty, Castiglioni designed the Taraxacum 88 for Flos with the idea it would adorn community areas, lobbies or rooms that would benefit from bright, concentrated light for those extra-special occasions.

The Taraxacum 88 Ceiling and Wall light houses 15 individual bulbs, and the polished aluminium structure acts as a mirror, further reflecting the light across a room. Add a touch of drama and unique design to your interior with the Taraxacum 88 collection, which also includes a **pendant light**, available in two sizes.
